[Intro]

| C | Dm | G | C |  
| C | Dm | G | G

[Verse 1]

                  C      Dm  
I think I'll go out to Alberta  
                  G                  C  
Weather's good there in the fall  
                  C                  Dm          G C F G F  
I've got some friends that I can go working for  
          C                          Dm  
Still I wish you'd change your mind  
          G                          C  
If I ask you one more time  
                  Dm                          F                  G C F G F  
But we've been through that a hundred times or more

[Chorus 1]

          C                          Dm  
Four strong winds that blow lonely  
          G                          C  
Seven seas that run high  
          C                          Dm  
All those things that don't change,  
                  G C F G F  
come what may  
          C                          Dm  
If the good times are all gone  
          G                          C  
Then I'm bound for moving on  
          Dm                          F                  G C F G F  
I'll look for you if I'm ever back this way

[Verse 2]

C                  Dm  
If I get there before the snow flies,  
          G                  C  
And if things are looking good  
          C                  Dm                  G  C F G F  
You could meet me if I sent you down the fare  
          C                  Dm  
But by then it would be winter  
          G                  C  
Not too much for you to do  
          Dm                  F                  G  C F G F  
And those winds sure can blow cold way out there

[Chorus 2]

          C                  Dm  
Four strong winds that blow lonely  
          G                  C  
Seven seas that run high  
          C                  Dm  
All those things that don't change  
          G  C F G F  
come what may  
          C                  Dm  
If the good times are all gone  
          G                  C  
Then I'm bound for moving on  
          Dm                  F                  G  C F G F  
I'll look for you if I'm ever back this way
